LEATHER COLLECTION

# About

Designed to last a life time, our classic leather goods are created with practicality and luxury in mind. Giving in Corporate Is very important in today's business environment and can have measurable effects on customer loyalty, growth & referrals. Corporate gift giving has become huge part of many companies and their culture. If carried out effectively, opportunities can arise for the company in the form of strengthening bonds with key customers and employees. Creating a feeling of reciprocity and goodwill, forming new relationships and promoting the business of the company

# Brand

Design and tradition go hand in hand in small leather goods collection. The wallets, Belts and accessories are handmade using real Saffiano Leather, Soft Calf, Hammered, and Printed leathers. The craftsmanship makes the leather wallets soft to the touch and resistant over time. Our premium leathers, processed in INDIA according to traditional artisan methods, guarantee the uniqueness of a piece that is refined down to the smallest detail. Our leather products and Accessories are backed by the authenticity of Make in India to offer you a precious accessory of certified quality that is recognisable to the touch.

Ours is an owned business started in 2009 that handcrafts authentic leather products, guaranteed for life. In an increasingly disposable world, we wanted to create quality products that lasted a lifetime. From those humble beginnings, we grew to include a full line of high quality and fashionable lifestyle accessories that can be easily personalized, timeless in style, and lasts a lifetime!

### Quality Not Quantity

Each unique product has been carefully handcrafted from selected premium leather under strict quality control and is a genuine leather product.

Every step of the crafting process is done in-house, including cutting, sewing, branding, finishing, you name it. Everyone takes pride in the work they do and can't wait for you to see your new product!

So often we see leather products in the marketplace that use cheap leather and poor craftsmanship. Low prices are tempting but you always get what you pay for. We will never sacrifice quality to save a buck. We want you to have a product that you love, timeless in style, and lasts a lifetime!

Modern And Aesthetic –  
Leather Goods Collection

Our products are made from the best quality leather and they're made to last. Once you buy a product from us, you'll have decades of pleasure from it. The quality of the raw material is the foundation to the lifespan of a product, which is why we always make sure we select only the best leathers.

By sourcing high quality raw materials, we can ensure that we create leather accessories which are well-made and built to last, without compromising on style and design.

## CERTIFICATE OF AUTHENCITY

Each unique product has been carefully handcrafted from selected premium leather under strict quality control and is a genuine leather product.

Our artisans have created this beautiful and unique product using traditional techniques developed over generations by specialists in their craft.

We present this lovingly designed product to you as a lifelong possession.

May you love using it as much as our artisans loved making it.
